Gentlemen:

BAE Systems respectfully requests confidentiality of certain materials provided with the submission of the R3T-S-700 under FCC ID: Y75WINTLAW in accordance with FCC Regulations 0.459. The confidentiality request applies to the following exhibits:

10-0313 – Schematics.pdf  
10-0313 – System Block Diagram.pdf  
10-0313 – Theory of Operation.pdf

The R3T-S-700 has been developed at considerable effort and expense by BAE Systems. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.
